### AGAINST THE COAL BARONS

Associated Press Cable to the Star.

WASHINGTON, D. C., April 4.—The Supreme Court has decided in favor of the Inter-State Commerce Commission in the matter of the coal trust action. In the recent action brought before the Inter-State Commission for the purpose of having the coal interests concerned in the recent strike in Pennsylvania declared a trust, the Inter-State Commission decided that the contracts between the mines and the coal railroads were admissible as evidence. An appeal was taken. The Supreme Court has just rendered a decision sustaining the Inter-State Commission and holding that these contracts are admissible as evidence.

### THE EARTH QUAKED

A distinct shock of earthquake was felt this morning at about 7:39 o'clock. It seemed to come as an undulatory movement, moving from south to north. It was felt very decidedly in Punahou, Makiki, Waikiki and Manoa Valley, but not so distinctly in the down town region. At the Weather Bureau in Punahou, Meteorologist Lydecker was seated at his desk. As soon as he felt it he took out his watch. It was just 7:39. In Manoa Valley the Tremblor was one that set dishes to rattling in pantries and on breakfast tables, spilled water from glasses and other containers, and set the windows rattling. It was accompanied by a noise like that made by a table or chair being shoved along the floor.

Some observers say there was a sound as of a blast, which many thought at first it was.

### JUDGE KALUA WILL RUN FOR THE LEGISLATURE

WAILUKU, April 2.—It seems to be the sentiment on Maui that the Judgeship should be awarded to some man from this island; either A. N. Kepoikai, or a resident of Maui. If Kepoikai is not favored with the appointment, it ought to be offered to either Attorney Case or Coke. Whether this would be the case or not remains to be seen. Judge Kalua will most likely run for the next Legislature, and as he is very influential among the natives, there is hardly any doubt but that he will go in with flying colors. It matters not whether he runs on the Republican or Home Rule ticket. It is rumored that proper affidavits will be prepared, sworn to, and forwarded to Attorney General Knox, so that Kalua may be removed forthwith. It would take about two months anyway before the correspondence is sent on, the case reviewed at Washington, and the reply to reach here, so that it would be just at the end of his term, by the time a decision could be reached in the matter.

### THE REASONS FOR COOPER'S RESIGNATION

Governor Carter's letter to Dr. C. B. Cooper in the matter of Dr. Cooper's resignation as president of the Board of Health, gives several reasons why the Governor thought best to have a new president. One is Dr. Cooper's inability to give all his time to the work. The doctor has several times stated to the Governor that he could not do so, and Carter declares that the president should give the work his whole attention. Dr. Cooper also desired to give up the position in a few months in any event, after he had concluded work now in hand, and the Governor did not want to send his nomination to the Senate under those conditions. The Governor expresses the highest appreciation of Dr. Cooper's work. The letter is as follows:

April 4, 1904.  
Dr. C. B. Cooper, President of the Board of Health, Honolulu.

Dear Sir:—As it becomes necessary for me at this session of the Legislature to send in the names of the appointees which require the approval of the Senate, and in view of the fact that you have emphatically stated that it would be impossible for you to give your entire time to Board of Health matters, (which I believe to be essential to the best interests of the Territory) and as it would not be fair to the Senate to send in your name, knowing that you would not, under such conditions, serve beyond the end of the session, I conclude it is best to accept your resignation at this time, and to begin at once to ascertain who can be obtained to take the position for the ensuing period.

Let me assure you that this course has absolutely nothing to do with the attitude of the Board in reference to the reduction of expenditures. That I consider to have come about from a failure on the part of the Board to fully recognize the gravity of our financial situation. In comparison with their duties as a board in charge of the Public Health.

I take this opportunity to express my personal appreciation of the cordial relations that have always existed between us, and feel confident that they will so continue. It may not perhaps be possible to fill your position with quite so competent a man as you have proven yourself to be, but public interests will be served by the precedent set.

Very sincerely yours,  
(Signed) GEORGE R. CARTER,  
Governor.

### OKOLEHAO STILL

A raid on a big okolehao still in the Waiakua mountains is to be made by the police tonight. Detectives McDuffie and Renshaw left on the 2:15 train this afternoon for Waiakua to make the raid. The still is believed to be operated by a Japanese. The officers will have to take horses and ride the greater portion of the night to reach the still. The place is said to be very cleverly concealed and it is reported to be one of the largest places of the kind in the islands. The raid will probably be made about daylight.

### CARTER ASKS FOR COOPER'S HEAD

Governor Carter today asked for the resignation of Dr. C. B. Cooper as president of the Board of Health. The Governor and Dr. Cooper were unable to agree on estimates of expenses of the Board, to be recommended to the Legislature, and there has been a good deal of correspondence on the subject.

Governor Carter and Dr. Cooper have had numerous conferences on expenditures, in which their opinions differed considerably. The last letter on the subject from Dr. Cooper, published in today's Star, was sent on Saturday, and this morning Governor Carter replied in a letter in which he expressed a wish that Dr. Cooper resign his office. The Governor will make recommendations to the Legislature based upon the conclusions he has reached as to expenses, to which Dr. Cooper refuses to assent.

Whooping Cough.—This is a very dangerous disease unless properly treated. Statistics show that there are more deaths from it than from scarlet fever. All danger may be avoided, however, by giving Chamberlain's Cough Remedy. It liquefies the tough mucus, making it easier to expectorate, keeps the cough loose, and makes the paroxysms of coughing less frequent and less severe. It has been used in many epidemics of this disease with perfect success. For sale by all Dealers. Benson Smith & Co., agents for Hawaii.
